

# ONE

## Touch | Keypad Top-Milk

Coffee, Hot Water and Milk  
Touch Screen or Keypad user interface

### Sophisticated Convenience

The Egro ONE Top-Milk combines style with convenient functionality. The well organized user friendly touchscreen showcases up to 48 drink selections across eight completely customizable pages.

up to  
**250**  
espressos / hour

up to  
**180**  
coffees / hour

up to  
**150**  
cappuccinos / hour

up to  
**100**  
latte macchiato / hour

Two main versions:

#### ONE Touch

with a large 5.7" touch display

#### ONE Keypad

with a traditional keypad.

The ONE Touch has an advanced user interface with a 5.7" touchscreen graphic display in full colour.

The easy-to use user interface guides the barista through the choice of products. The multi-colored page system enables the barista to choose from 48 products, each one with its own attractive user-friendly icon. Restricted access technical menus offer the machine administrator a wide range of additional functions, such as precisely defining the ingredients of each individual drink, creating new drinks, checking machine consumption, running diagnostic checks and regularly cleaning the machine with step-by-step procedures shown on the display.

**Dura-Brew.** The ONE features the most durable brewing technology available in this class of equipment. The patented stainless steel brewing group features advanced sealing technology which requires less maintenance visits and reduces the cost of ownership.

**Option Self.** By choosing the Option Self the machine will be delivered with lock package which includes locks for the bean hoppers, coffee grounds door, powder chute, and USB port. This option also includes a central outlet for coffee and milk.

**EGRO**  
SWISS COFFEE TECHNOLOGY
